

## Wednesday 24th November

Thank you all for helping support Children in Need last Friday, all of the children had a great day and really enjoyed their Daily Mile hot dogs (a tradition I am still trying to get my head around!). Thank you to Oinkers at Drake's Farm for the handmade chipolata sausages for the hot dogs. The children raised a total of £71.60, plus a further £29.01 from Etta who made cakes which she sold to family and friends, along with other goodies. During the day, we spoke about the national projects CIN supports - whereas our next whole school focussed day will concentrate more on our local environment. During our 'Good to be Green' day on 2nd December, (weather permitting) we will be improving our school grounds, as well as learning more about what was agreed at the recent UN Climate Change Conference, COP-26 and how this will affect us here in Cheriton Bishop.

If there are any members of our community who are able to help us cut back and weed our garden areas during the morning or afternoon, please let me know.

Mr Scott—Academy Head

### Reminders

If you have not already done so, please can all SOE3s, Acceptable Use Agreement and Data Collection Forms be returned to school as soon as possible. Thank you.

### Class 4 Residential?

Please click here to find out more and let us know your thoughts.

### Drop off and collection

The School Council have been discussing drop off times and how congested it becomes outside school in the mornings. They would like to ask you to use the car parks at either the Old Thatch pub or the Young Farmers building, off the main road if possible, and wondered if the parents might be able to set up a Walking Bus? The children said it would be much nicer to walk to school without worrying about lots of cars coming past.

## IT'S GOOD TO BE GREEN AT CHERRY B!

At Cheriton Bishop Primary we are really passionate about celebrating and conserving the environment.

On Thursday the 2nd December we will be spending the day taking care of the local environment, tidying the garden areas of the school, surviving without electricity for the day, exploring the science behind climate change and creating some of our own solutions to the green issues we face today.

We please ask that children wear old clothes and appropriate footwear (old trainers/wellies).
